Reference

We, the Hidora UAB company from Lithuania, have worked with the Baltic Sales Agency for our research in the Latvian market on progressive cavity pumps. Baltic Sales Agency provided Hidora UAB with a high-quality contact database for further marketing and sales activities.

Key decision makers were identified in 21 business areas and information provided by Baltic Sales Agency was utilised for the successful promotion of our progressive cavity pumps range in Latvia.

Hidora UAB highly recommends the Baltic Sales Agency to other companies due to the quality of their results, their outstanding customer service, and their industry and sales process knowledge.
